## ABOUT ME

Full-Stack Developer with a strong foundation in Next.js, React, Tailwind CSS, JavaScript, Python, FastAPI, and Supabase, currently focused on frontend development. Passionate about building responsive, user-friendly and visually engaging web applications. Skilled in translating designs into functional interfaces and writing clean, efficient code, with a commitment to delivering high-quality digital experiences.

## WORK EXPERIENCE

• JAN 2019 - DEC 2022

### METALWORKING / WELDING PROJECTS - SCHOOL & PERSONAL PRACTICE

Designed and built a small metal component using basic welding and fabrication techniques, applying practical skills learned in class while ensuring safety and precision.

- Practiced basic welding techniques and metal design projects.
- Designed and built small metal components for school assignments.
- Learned to safely operate welding equipment and hand tools.

• JAN 2019 - PRESENT

### SOFTWARE DEVELOPMENT BOOTCAMP - UNCOMMON.ORG

#### HARARE, ZIMBABWE

Learned and applied software development concepts, problem-solving, and teamwork in a structured bootcamp environment

- Developed practical coding skills in HTML, CSS, JavaScript and Next.js through hands-on projects
- Collaborated on software development tasks, enhancing problem-solving and teamwork abilities.

### SCRATCH YOUTH CODING INSTRUCTOR - UNCOMMON.ORG

#### HARARE, ZIMBABWE

- Teach coding fundamentals to youth using Scratch, helping them build creative projects.
- Develop students' problem-solving, logical thinking and teamwork skills.
- Mentor and guide young learners to gain confidence in programming.
